Decide yourself where your tax money go!

If you are an income tax-payer in Moldova - then now, as every year, you can support a cause dear to your heart, choosing to rerout 2% of your previous year's income tax. The procedure is quick and easy, and most importantly - it costs you absolutely nothing!

EcoVisio is one of the non-governmental organizations that benefit from this mechanism - and we are very grateful for your support! With the money raised in the last four years, we have contributed to the growth of Moldova's "green lungs", planting and growing trees together with volunteers.

This year we want to decide TOGETHER WITH YOU how to use the funds received. Maybe you have a specific idea or a more general proposal to support certain initiatives or thematic activities? Then:

- 1) **Select EcoVisio** (tax code **1013620004362**) to redirect the 2%, instructions on how to do it are here: <http://bit.ly/2-for-EcoVisio>
- 2) **Write your idea** (even if you didn't take the first step) here: bit.ly/idei-2-procente

We are waiting for your ideas until April 11, and **the 2% can be redirected until April 30**, in person or online!
